

THE SCHOOLS OF INDIA SUMMIT 2026

REIMAGINING THE FUTURE OF EDUCATION, *Together*

CONCLAVE: 30TH OCTOBER - 1ST NOVEMBER 2026 | NOVOTEL, IMAGICAA,
KHOPOLI

THE FRICTION

EDUCATION CONFERENCES *Have Lost* THEIR PURPOSE.

[CONCISED COPY]

Traditional conferences have devolved into commercial vendor exhibitions and repetitive keynotes.

Leaders spend days networking but return to campuses where daily school operations remain unchanged.

THE CYCLE OF ZERO ACTION

**People Attend.
People Network.
Nothing Changes.**

OUR CORE THESIS

THE SOUL OF *the Conclave*

"Every educator has a 5% that can transform another school. This summit exists to share that 5%."

— CORE CONCLAVE MANIFESTO

[CONCISED CORE EQUATION]

Collective Intelligence + Secure Environment = Elevated Ecosystem

CONCLAVE STRUCTURE

FOUR PARALLEL *Peer Circuits*

To protect peer safety, leaders spend 80% of the summit in their isolated tracks, inclusive of stay & dining at Novotel, Imagicaa, Khopoli.

01 • FOUNDERS

Scaling frameworks, regulatory lobbying, JV capital strategy, and legal defense networks.

02 • PRINCIPALS

Academic excellence systems, pedagogical leadership, and school culture design.

03 • TEACHERS

AI classroom grading tools, lesson planning models, and student mental health.

04 • ADMINS/OPS

Branding frameworks, operational SOPs, budgeting, and campus technology integration.

INSTITUTIONAL ALIGNMENT

THE INSTITUTIONAL *Delegation*

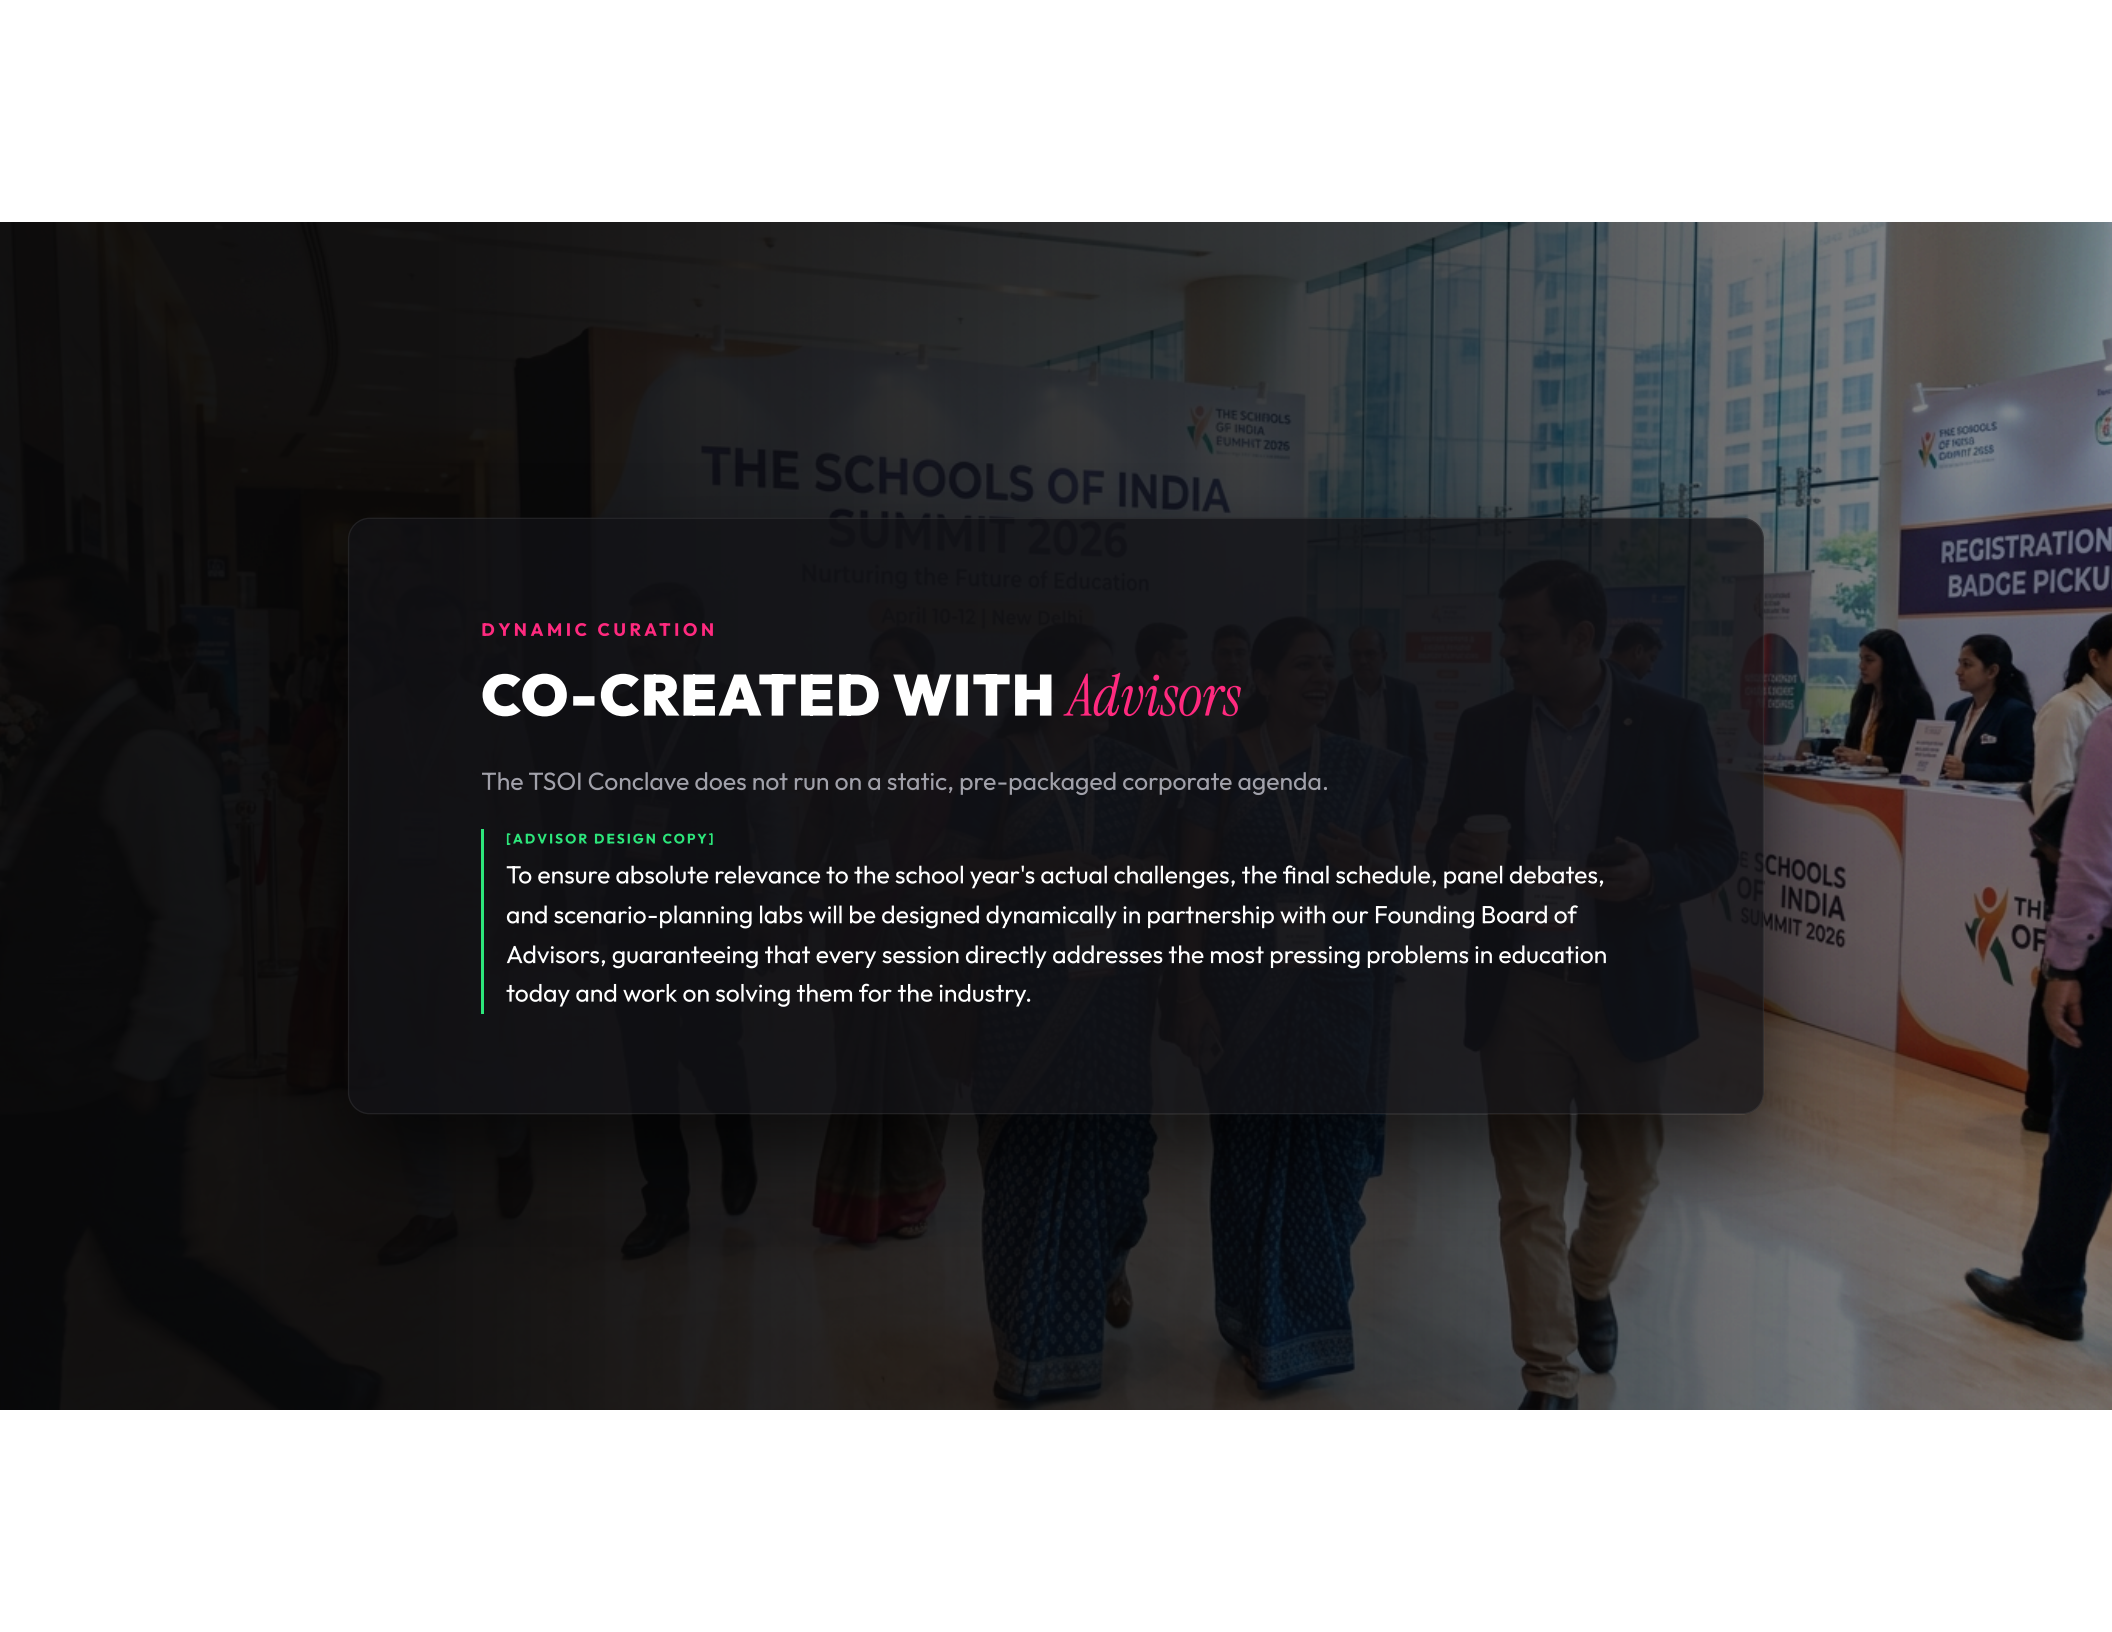

[CONCISED COPY]

Separated for Depth. United for Execution.

During the conclave, your team remains in their isolated peer circuits to speak freely with their true equals.

But by attending under one delegation, your institution returns with unified insights across leadership, academic, and operations.

CO-CREATED WITH *Advisors*

The TSOI Conclave does not run on a static, pre-packaged corporate agenda.

[ADVISOR DESIGN COPY]

To ensure absolute relevance to the school year's actual challenges, the final schedule, panel debates, and scenario-planning labs will be designed dynamically in partnership with our Founding Board of Advisors, guaranteeing that every session directly addresses the most pressing problems in education today and work on solving them for the industry.
